CHAIRMANS REPORT

Happy with how the club is running, feel club has moved on since the start. Would like more people to attend as the club is open through the week. It appears the club has fragmented and it would be nice to see some of those persons attend on a club night (Monday) just to keep up with things. I was very disappointed with the attendance for the Xmas shoot.

Social Evening to present trophies TBA in April May, a range of competitions is to arranged including the inners and outers cup.

Would like to promote new Bench Rest

Overall Happy

Treasurers report attached

Upgrade of Alarm

Able to hold more rifles

CCTV system installed

4 new weapons purchased

Club has gone from strength to strength.

Tea/coffee has been successful

Subs: £55 for senior

£20 for junior and associates and increase of £5 from last year

Struggling with keeping club open due to lack of RO able to attend. The club paid for people to do the RO course and it is felt that not enough is being given back. Trevor Harris has been covering a lot of evenings so more help from the present RO would be appreciated. If no help is offered renewals will not be paid for.

Proposal for increase of junior subs

Proposed – Mike Wilkes

2nd Bob Atkinson

Range Safety officer

Minimum of 2, RO to be present

CCTV has been installed to monitor safety aspects

Feels safety has been neglected. Breach safety needs to be refreshed/ taught again as it is lacking in some cases.

Overall safety is to be mandatory

The fan will be connected to the 25yd lights to ensure range is compliant, a new PIR light will be fitted outside at the far end to ensure safety.
